

2024/2025 Host Form New Referee In-Person On-Field Training

Contact Name	
Phone Number	
Email	
Club	

Dates / Time for Field Training (*requirements: please provide a three-hour block of time for up to three different dates on a soccer field with painted lines and goals*). Then the process is once we get your dates, the SRC confirms availability for a trainer to run the session. Once we get a trainer confirmed, we will publish the class and open it up for registrations. Ideally, we like to have a two-week advanced notice from when we post this so we give people an opportunity to finish their online lessons first which is a requirement to register for this in person session.

Date	1. 2. 3.
Location for Course	
Facility Address	

Prior to the start of the season as this is an outdoor class, the preference is the hosting club securing and providing a turf field, so we don't have to cancel the training due to field conditions, and we know it will already be painted with lines, have goals, etc. Clubs wishing to host an entry level course will be responsible for paying rental fees for field or facility if applicable. The State Referee Committee pays the instructors for teaching the course.
